# GAME LODGE & Conference Venue

*An upmarket getaway destination that will revive your soul and get you to experience nature, comfort and authentic top-of-the-range African hospitality.*

**B**e prepared to embark on a life-altering journey when you enter the gates of the MACKOUWKUIL LODGE, with its abundant dams, a winding river and various wild animal species. This hidden treasure is nestled deep inside the spectacular Waterberg biosphere in the Limpopo Province, about three hours north of Johannesburg. The 1200-hectare property is secluded in a malaria-free area, and completely surrounded by other game farms. The beauty of creation is in full splendour at this park and the décor honours the heritage and hope of the setting, with contemporary African style, including warm woods, local art and textiles, and inviting natural colours. This tranquil setting is also the ideal destination for business, church, and NGO groups to host conferences, teambuilding sessions, company retreats, seminars, or weddings and even larger family reunions, catering for a variety of group activities for groups ranging in size from 4 to 80 people.

## Facilities

The Main Lodge serves as the hub of activity on the Campus. Nestled between a scenic ridge and a serene dam, the lodge houses various large and comfortable gathering spaces for visitors to connect with one another, worship,

or just reflect and relax. In the centre of the main lodge is a large welcoming, family-style dining room, warmed by a cosy fireplace during cooler winter evenings. Our chefs take pride in their mouth-watering healthy meals. And, after a long hot day, what could be more relaxing than a cool dip in the sparkling blue swimming pool, followed by storytelling around the campfire in our boma or in the one-of-a-kind lapa on the water.

## Conference Options

Two state-of-the-art conference rooms (one 35-seater and one 70-seater), or our marquee tent next to the water, which can cater for 120 day guests, make this the ideal venue for weddings and conferences. The lodge has a fibre-optic network connecting all rooms, be it the conference, accommodation or the entertainment areas. The internet is connected via a dedicated tower, giving us unparalleled Wi-Fi internet speed. Major cellular reception is available.

## Game Drives and More

Our rangers are keen to point out and educate guests on our wildlife species, including Golden

Wildebeest, Kudu, Buffalo, Giraffe, Impala, Eland, Waterbuck, Crocodile, Bush Buck, Sable, and perhaps even our elusive Leopards or even a visiting wild dog pack on our “Serengeti savannah stretch” between the mountains. Our signature species, a dozen resident Hippos, are often found right in front of the conference centre in the dam. Bring your camera and walk freely in the enclosed lodge camp amongst our safer species.

## Accommodation

MACKOUWKUIL can accommodate 70+ guests. Our beautiful 13 traditional thatched, or the newly upgraded 12 luxury rooms are the pinnacle of refinement and opulence in game lodge accommodation. All of the 25 rooms accommodate one or two guests. Rooms are air-conditioned, Wi-Fi enabled and decorated with elegant African wood beds and writing desks, striking photography of local wild animals, an in-room safe, and a restroom accented with amenities, fluffy towels, and a hair dryer. Rooms are fitted with bar fridges and their own coffee stations.

Our two mountain guesthouses can jointly accommodate another 4 to 6 guests and is ideal for executive retreats and planning. The MANOR HOUSE with its large window view over the main lake has just been opened as VIP accommodation for 2 to 4 people.

## Exclusive Tented Camp

The Hippo Lodge features private conference options for 10 to 12 and the Tented Camp offer four luxurious tents with private decks and spectacular views, located right on the water. Tents are air-conditioned and each has a modern en-suite bathroom, with an outdoor open-sky shower. High end corporate staff rooms for our guests are available at the Hippo Lodge for 2 to 7 people sharing. This lodge has large outside patios and a huge open meeting place. The Rock Pool next to the Tented camp has an exclusive plated dining option and kitchen for groups of up to 12 guests overlooking the river and makes it possible for the Tented guests to have private gatherings away from the main lodge and other conference guests.

*“The campus setting and tent accommodation is in a complete class of its own. Having traveled on business globally and stayed at some of the very best hotels and conference resorts I was again proudly South African after my stay at Mackouwkuil. The place is a gem in the Waterberg and its TEN program is making an impact on Africa”*

- Mr Maurice Radebe: Founder and Chairman of Unleashing Leadership Potential

All told, Mackouwkuil Lodge and Conference Venue promises to be an experience you will never forget and one which may only be surpassed by your repeat visits. For more information or enquiries, visit [www.mackouwkuil.co.za](http://www.mackouwkuil.co.za).
